2018-February-15: VERITAS notes with great sadness the passing of Richard (Dick) Lamb in Lexington, Kentucky, on February 10, 2018. Dick was a key player and a strong proponent of ground-based gamma-ray astronomy during the 1980s and 1990s. He played a significant role in the Whipple 10m collaboration, and his vision and energy helped to move TeV astronomy to the forefront of science. (See the obituary [here](#) )
